Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Allowable Subject Matter

2. Claims 1-10, 12-22, 24-35, and 37 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicant's independent claims 1, 15, and 29 are allowed over the prior art of record because none teach or render obvious a method for manufacturing a thin film transistor panel, comprising at least the following steps: removing said silicon substrate by chemical mechanical polishing or an etching process and reducing the thickness of said silicon substrate to form a layer of crystal thin film. See **Inoue** et al. US Patent **6,127,199** where a semiconductor method for manufacturing a thin film transistor panel is disclosed, however, fails the step of providing a silicon substrate that is non-transparent where it is being removed or reducing the thickness by an etching process such as chemical mechanical polishing.
4. All dependent claims are also rendered allowable.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
